We recognise that safeguarding is everyone's responsibility and that it is our statutory responsibility to safeguard and promote the welfare of all children. .
- Staff working with children at this school maintain an attitude of 'it could happen here' where safeguarding is concerned.
- We believe that the best interests of children always come first. All children have a right to be heard and to have their wishes and feelings taken into account and all children regardless of age, gender, ability, culture, race, language, religion or sexual identity have equal rights to protection.
- At Langdon School we recognise the importance of providing an ethos and environment within school that will help children to be safe and feel safe. In our school children are respected and encouraged to talk openly. All of our staff understand safe professional practice and adhere to our safeguarding policies.
- We expect that if any member of our community has a safeguarding concern about any child or adult, they should act and act immediately.
- Our school core safeguarding principles are:
 - We are an important part of the wider safeguarding system for children.
 - It is our whole school responsibility to safeguard and promote the welfare of children.
 - All children regardless of age, gender, ability, culture, race, language, religion or sexual identity, have equal rights to protection.
 - All children have a right to be heard and to have their wishes and feelings taken into account.
 - All our staff understand safe professional practice and adhere to our safeguarding policies.

2. Definition of Safeguarding

- There are four main elements to our child protection policy
 - **Prevention** (e.g. positive, supportive, safe school culture, curriculum and pastoral opportunities for children, safer recruitment procedures);

- The school has appointed Lynn Paylor Sutton – Head Teacher - as the Designated Safeguarding Lead (DSL). The DSL has the overall responsibility for the day to day oversight of safeguarding and child protection systems in school. Additionally, the school has appointed a Deputy DSL (Emma Keem, Teacher) who will have delegated responsibilities and act in the DSLs absence. Whilst the activities of the DSL may be delegated to the deputies, the ultimate lead responsibility for safeguarding and child protection remains with the DSL and this responsibility will not be delegated.
- The DSL will undergo appropriate and specific training to provide them with the knowledge and skills required to carry out their role. Deputy DSLs are trained to the same standard as the DSL. The DSL and any deputy DSL's training will be updated formally every two years, but their knowledge and skills will be updated through a variety of methods at regular intervals and at least annually.
- The DSL (and deputies) will be provided with sufficient time so they can provide appropriate support to staff and children regarding any new safeguarding and welfare concerns following Covid-19. This may include handling of referrals to integrated social care and working with other agencies where appropriate.
- **It is the role of the DSL to:**
 - Act as the central contact point for all staff to discuss any safeguarding concerns
 - Maintain a confidential recording system for safeguarding and child protection concerns
 - Coordinate safeguarding action for individual children

- When supporting children with a social worker or looked after children the DSL should have the details of the child's social worker and the name of the virtual school head in the authority that looks after the child (with the DSL liaising closely with the designated teacher)
- Liaise with other agencies and professionals in line with WTSC 2018
- Ensure that locally established referral procedures are followed as necessary
- Represent, or ensure the school is appropriately represented at multi-agency safeguarding meetings (including Child Protection conferences)
- Manage and monitor the school's role in any multi-agency plan for a child.
- Be available during term time (during school hours) for staff in the school to discuss any safeguarding concerns
- Help promote educational outcomes by sharing the information about the welfare, safeguarding and child protection issues that children, including children with a social worker, are experiencing, or have experienced, with teachers and leadership staff
- Ensure adequate and appropriate DSL cover arrangements in response to any closures and out of hours and/or out of term activities

Parents can obtain a copy of the school Safeguarding and Child Protection Policy and other related policies on request and can view them via the school website at www.langdonprimaryschool.co.uk

8. Recognition and Types of Abuse and Neglect

- All staff are made aware of the definitions and indicators of abuse and neglect as identified by Working Together to Safeguard Children (2018) and Keeping Children Safe in Education 2020. This is outlined locally within the [Kent Support Levels Guidance](#).
- We recognise that when assessing whether a child may be suffering actual or potential harm there are four categories of abuse:
 - Physical abuse
 - Sexual abuse
 - Emotional abuse
 - NeglectFor further information see Appendix 1.
- Members of staff are aware that concerns may arise in many different contexts and can vary greatly in terms of their nature and seriousness. The indicators of child abuse and neglect can vary from child to child. Children develop and mature at different rates, so what appears to be worrying behaviour for a younger child might be normal for an older child.
- It is important to recognise that indicators of abuse and neglect do not automatically mean a child is being abused however all concerns should be taken seriously and explored by the DSL on a case by case basis.
- Parental behaviours may also indicate child abuse or neglect, so staff should also be alert to parent-child interactions or concerning parental behaviours; this could include parents who are under the influence of drugs or alcohol or if there is a sudden change in their mental health.
- Safeguarding incidents and/or behaviours can be associated with factors outside school and/or can occur between children off-site. Children can be at risk of abuse or exploitation in situations outside their families. Extra-familial harm take a variety of different forms and children can be vulnerable to multiple harms including (but not limited to) sexual exploitation, criminal exploitation, and serious youth violence.
- By understanding the indicators of abuse and neglect, we can respond to problems as early as possible and provide the right support and services for the child and their family.

9. Safeguarding and Child Protection Procedures

- Langdon Primary School adheres to the KSCMP Safeguarding Children Procedures. The full KSCMP procedures and additional guidance relating to specific safeguarding issues can be found on the KSCMP website www.kscmp.org.uk
- All members of staff are expected to be aware of and follow this approach:

'What to do if you are worried a child is being abused' 2015

- It may not always be appropriate to go through all four stages sequentially and if a child is in immediate danger or is at risk of harm, a request for support should be made immediately to Children's Social Work Services and/or the police.
- Langdon School recognises that some children have additional or complex needs and may require access to intensive or specialist services to support them.
- All staff are aware of the process for making request for support referrals for statutory assessments under the Children Act 1989, along with the role they might be expected to play in such assessments.
- Langdon School is an Operation Encompass School. This means we work in partnership with Kent Police to provide support to children experiencing domestic abuse.
- We recognise that in situations where there are immediate child protection concerns identified in line with Support Level Guidance, it is NOT to investigate as a single agency but to act in line with KSCMP guidance which may involve multi-agency decision making.
- If a child is in immediate danger or is at risk of harm, a request for support should be made immediately to Integrated Children's Services (Front Door) and/or the police in line with KSCMP procedures.
- The DSL may seek advice or guidance from their Area Education Safeguarding Advisor from the Education Safeguarding Service before deciding next steps. They may also seek advice or guidance from a social worker at the Front Door service who are the first point of contact for Integrated Children's Services (ICS).
- In the event of a request for support to the Front Door being necessary, parents/carers will be informed and consent to this will be sought by the DSL in line with guidance provided by KSCMP. Parents/carers will be informed unless there is a valid reason not to do so, for example, if to do so would put a child at risk of harm or would undermine a criminal investigation.
- If the DSL is not immediately available to discuss an urgent concern, staff can seek advice from the Deputy DSL. They may also seek advice from the Education Safeguarding Service or via consultation with a social worker from the Front Door. If anyone other than the DSL makes a referral to external services, they will inform the DSL as soon as possible.
- The DSL will keep all early help cases under constant review and consideration will be given to a request for support to the Front Door if the situation does not appear to be improving or is getting worse.

- If, after a request for support or any other planned external intervention, a child's situation does not appear to be improving, the DSL will consider following KSCMP escalation procedures to ensure their concerns have been addressed and, most importantly, that the child's situation improves. DSLs may request support with this via the Education Safeguarding Service.

10. Record Keeping

- Staff will record any welfare concern that they have about a child on the school's safeguarding incident/concern form (with a body map if injuries have been observed) and pass them without delay to the DSL. Records will be completed as soon as possible after the incident/event, using the child's words and will be signed and dated by the member of staff. If there is an immediate concern the member of staff should consult with a DSL as this needs to take priority.
- All safeguarding concerns, discussions and decisions (and justifications for those decisions) will be recorded in writing. If members of staff are in any doubt about recording requirements, they should discuss their concerns with DSL.
- Incident/Welfare concern forms are kept in the school staff room, on the notice board or are available from the DSL or Deputy DSL.
- Records will be completed as soon as possible after the incident/event. If there is an immediate concern the member of staff should consult with a DSL before completing the form as reporting urgent concerns takes priority.
- Safeguarding records are kept for individual children and are maintained separately from all other records relating to the child in the school. Safeguarding records are kept in accordance with data protection legislation and are retained centrally and securely by the DSL. Safeguarding records are shared with staff on a 'need to know' basis only.
- All safeguarding records will be transferred in accordance with data protection legislation to the child's subsequent school/setting, under confidential and separate cover. These will be given to the new DSL and a receipt of delivery will be obtained.
- In addition to the child protection file, the DSL will also consider if it would be appropriate to share any information with the DSL at the new school or college in advance of a child leaving. For example, information that would allow the new school or college to continue to provide support.

11. Multi-agency Working

- Langdon Primary School recognises and is committed to its responsibility to work within the KSCMP multi-agency safeguarding arrangements. The DSL/Head Teacher will work to establish strong and co-operative local relationships with professionals in other agencies in line with statutory guidance.
- We recognise the importance of multi-agency working and are committed to working alongside partner agencies to provide a coordinated response to promote children's welfare and protect them from harm. This includes contributing to KSCMP processes as required such as, participation in relevant safeguarding multi-agency plans and meetings, including Child Protection Conferences, Core Groups, Strategy Meetings, Child in Need meetings or other early help multi-agency meetings.

12. Confidentiality and Information Sharing

- Langdon Primary School recognises our duty to share relevant information with appropriate agencies in matters relating to child protection at the earliest opportunity as per statutory guidance outlined within KCSIE 2020.

- All members of staff must be aware that whilst they have duties to keep any information confidential, they also have a professional responsibility to share information with other agencies to safeguard children. Information about a child will only be disclosed on a 'need to know' basis.
- All staff must be aware that they cannot promise a child to keep secrets which might compromise the child's safety or wellbeing.
- Langdon School has an appropriately trained Data Protection Officer (DPO) as required by the General Data Protection Regulations (GDPR) to ensure that our school/college is compliant with all matters relating to confidentiality and information sharing requirements. Details of our DPO can be found in our GDPR Policy which is available on the school website.
- The Data Protection Act 2018 and GDPR do not prevent the sharing of information for the purposes of keeping children safe. Fears about sharing information must not be allowed to stand in the way of the need to safeguard and promote the welfare and protect the safety of children (KCSIE 2020). DfE Guidance on Information Sharing (July 2018) provides further detail.

13. Complaints

- The school has a **Complaints Procedure** available to parents, pupils and members of staff and visitors who wish to report concerns. This can be found on the school website or a copy can be obtained through the school office.
- All reported concerns will be taken seriously and considered within the relevant and appropriate process. Anything that constitutes an allegation against a member of staff or volunteer will be dealt with under the specific Managing Allegations Against Staff Policy. This can be found on the school website or a copy can be obtained through the school office.

- All members of staff have been provided with a copy of Part One of "*Keeping Children Safe in Education*" (2020) which covers Safeguarding information for all staff. School leaders will read the entire document. School leaders and all members of staff who work directly with children will access Annex A within Keeping Children Safe in Education 2020. Members of staff have signed to confirm that they have read and understood Part One and Annex A. A record of this is kept in the school's Safeguarding file in the Head Teacher's office.
- The DSL will ensure that all new staff, students and volunteers (including temporary or peripatetic staff) receive child protection training to ensure they are aware of the school's internal safeguarding processes as part of their induction.
- All staff members (including temporary staff) will receive appropriate child protection training to ensure they are aware of a range of safeguarding issues.
- All staff members (including temporary staff) will receive regular safeguarding and child protection updates, at least annually.
- In addition to specific child protection training, all staff will receive safeguarding and child protection updates to provide them with relevant skills and knowledge to safeguard children effectively.
- All staff members (including temporary staff) will be made aware of the school's expectations regarding safe and professional practice via the Staff Discipline and Conduct Policy.
- Staff will be encouraged to contribute to and shape safeguarding arrangements and child protection policies.

- The DSL and Head Teacher will provide an annual report to the Governing Body detailing safeguarding training undertaken by all staff and will maintain up to date register of who has been trained.

15. Safe Working Practice

- All members of staff are required to work within clear guidelines on Safe Working Practice / the school's Code of Conduct.

17. Safer Recruitment

- Langdon School is committed to ensure that develop a safe culture and that all steps are taken to recruit staff and volunteers who are safe to work with our pupils and staff.

18. Allegations Against Members of Staff and Volunteers

- Langdon School recognises that it is possible for any member of staff, including volunteers, governors, contractors, agency and third party staff (including supply teachers) and visitors to behave in a way that:
 - Indicates they have harmed a child, or may have harmed a child
 - Means they have committed a criminal offence against or related to a child
 - behaved towards a child or children in a way that indicates he or she may pose a risk of harm to children

In the event of allegations of abuse being made against the Head Teacher then staff are advised that allegations should be reported to the Chair of Governors who will contact the LADO in the first instance. Details of how to deal with allegations made against staff can be found in the school's Allegations of Abuse Against Staff policy which can be accessed via the school website or through the school office.
- All staff and volunteers should feel able to raise concerns about poor or unsafe practice and such concerns will always be taken seriously by the Head Teacher and/or governors.

19. Safeguarding Children with Special Educational Needs and Disabilities

- Langdon School acknowledge that children with special educational needs (SEN) and disabilities can face additional safeguarding challenges as they may have an impaired capacity to resist or avoid abuse.
- We will ensure that children with SEN and disabilities, specifically those with communication difficulties will be supported to ensure that their voice is heard and acted upon.
- Members of staff are encouraged to be aware that children with SEN and disabilities can be disproportionately impacted by safeguarding concerns such as bullying. All members of staff will be encouraged to appropriately explore possible indicators of abuse such as behaviour/mood change or injuries and not to assume that they are related to the child's disability and be aware that children with SEN and disabilities may not always outwardly display indicators of abuse. To address these additional challenges, our school provides extra pastoral support for children with SEN and disabilities.
-

20. Peer on Peer Abuse

- All members of staff at our school recognise that children are capable of abusing their peers.

- We recognise that youth produced sexual imagery (also known as "sexting") as a safeguarding issue; all concerns will be reported to and dealt with by the DSL (or deputy).  - Signs of assault/unexplained injuries.

22. Mental Health

- All staff will be made aware that mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation. Staff are aware of how children's experiences, can impact on their mental health, behaviour and education.
- Staff are well placed to observe children day-to-day and identify those whose behaviour suggests that they may be experiencing a mental health problem or be at risk of developing one.
- If staff have a mental health concern about a child that is also a safeguarding concern, immediate action should be taken by speaking to the DSL or a deputy.

23. Online Safety

- It is recognised that the use of technology presents challenges and risks to children and adults both inside and outside of school.
- The DSL has overall responsibility for online safeguarding within the school.
- We identify that the issues can be broadly categorised into three areas of risk:
 - **content:** being exposed to illegal, inappropriate or harmful material
 - **contact:** being subjected to harmful online interaction with other users
 - **conduct:** personal online behaviour that increases the likelihood of, or causes, harm.
- The DSL has overall responsibility for online safeguarding within the school but will liaise as necessary with other members of staff. The DSL and leadership team have read annex C regarding Online Safety within 'Keeping Children Safe in Education' 2020.
- Langdon School uses a wide range of technology. This includes computers, laptops, tablets and other digital devices, the internet, learning platform, intranet and email systems. All school owned devices and systems will be used in accordance with our acceptable use policies and with appropriate safety and security measures in place.
- We will do all we reasonably can to limit children's exposure to online risks through our school IT systems and will ensure that appropriate filtering and monitoring systems are in place. If learners or staff discover unsuitable sites or material, they are required to: place their hand into the laptop computer so that they can partially close the screen blocking it from general view and then report

the concern immediately to a member of staff. Filtering breaches or concerns identified through our monitoring approaches will be recorded and reported to the DSL and technical staff, as appropriate. Any access to material believed to be illegal will be reported immediately to the appropriate agencies, such as the [Internet Watch Foundation](#) and the police. When implementing appropriate filtering and monitoring, we will ensure that "over blocking" does not lead to unreasonable restrictions as to what children can be taught with regards to online teaching and safeguarding.

- Langdon School recognises the specific risks that can be posed by mobile technology including mobile phones and cameras and in accordance with KCSIE 2020 and EYFS 2017 has appropriate procedures in place that are shared and understood by all members of the school community.
- Staff are not permitted use of their own cameras, mobile phones or other devices when recording children or contacting parents – school equipment only must be used. School devices for recording children will not be permitted in areas such as toilets, changing rooms during PE lessons, changing rooms outside of school eg. swimming pools, residential or day visit centres or any other location where pupils or staff may be placed in a vulnerable position.
- Visitor's mobile phones should be turned off when in school unless permission for use in school is granted by the Head Teacher.
- Staff are provided with an email address to use for all official communication online. The use of personal email addresses by staff for any official school business is not permitted. Staff should be mindful of maintaining a good work-life balance when responding to school emails.
- All staff are expected to engage in social media, at school or at home, in a positive, safe and responsible manner. Access to school social media accounts (Facebook – Langdon Primary School page; Langdon PTFA page) is limited to the Head Teacher. Staff are advised not to publish specific and/or detailed private thoughts, concerns, pictures or messages on any social media services, especially content that may be considered threatening, hurtful or defamatory to others or undermining confidence in, or damaging to, the professional image or reputation of themselves, their profession or of the school. Staff should not communicate with or add as 'friends' any current or past learners or their family members via any personal social media sites, applications or profiles. Any pre-existing relationships or exceptions that may compromise this, must be discussed with Head Teacher. Staff should not communicate school business with individual parents via social media sites; proper communication channels eg. telephoning or emailing from school accounts, should always be used.
- Pupils are not permitted to have mobile phones in school during school hours (including during Breakfast and After School Care Club. Mobile phones must be handed into the school office for safekeeping at the beginning of the day and collected just prior to leaving the school site. Parents wishing to make contact with their child must do so via the school office. Staff will telephone parents on a child's behalf using the school telephone if necessary. Staff will not use their own mobile phones for contacting parents. In accordance with DfE guidance, staff will search pupils' mobile phones where the child's or parental consent has been granted, if they believe it contains content or images that contravene our policies. Staff can request deletion of content if it is considered to be in contravention and can confiscate mobile phones. Confiscated phones will be released to parents. If staff believe that the phone might contain illegal content or provide evidence relating to a criminal offence, it will be handed over to the police for further investigation.
- We will ensure that appropriate filtering and monitoring systems are in place when pupils and staff access school systems and internet provision.
- We acknowledge that whilst filtering and monitoring is an important part of schools' online safety responsibilities, it is only one part of our approach to online safety. Pupils and adults may have access to systems external to the school control such as mobile phones and other internet enabled devices and technology and where concerns are identified appropriate action will be taken such as:

- Learners internet use will be supervised by staff according to their age and ability.
- Learners will be directed to use age appropriate online resources and tools by staff.
- We will ensure a comprehensive whole school curriculum response is in place to enable all pupils to learn about and manage online risks effectively and will support parents and the wider school community (including all members of staff) to become aware and alert to the need to keep children safe online.
- The DSL will respond to online safety concerns in line with the child protection and other associated policies such as anti-bullying and behaviour.
 - Internal sanctions and/or support will be implemented as appropriate.
 - Where necessary, concerns will be escalated and reported to relevant partner agencies in line with local policies and procedures.

Where children are asked to learn online at home in response to a full or partial closure:

- Langdon School will ensure any remote sharing of information, communication and use of online learning tools and systems will be in line with privacy and data protection requirements.
- All communication with learners and parents/carers will take place using **school** provided or approved communication channels; for example, **school** email accounts and phone numbers **and/or** agreed systems **e.g. SeeSaw, Purple Mash.**
- Staff and learners will engage with remote teaching and learning in line with existing behaviour principles as set out in our **Behaviour and Discipline policy** and **Acceptable Use Policies.**
- Staff and learners will be encouraged to report issues experienced at home and concerns will be responded to in line with our child protection and other relevant policies.
- When delivering remote learning, staff will follow our Remote Learning Acceptable Use Guidance and Procedures.
- Parents/carers will be made aware of what their children are being asked to do online, including the sites they will be asked to access. We will continue to be clear about which members of staff from the school their child will interact with online.
- Parents/carers will be encouraged to ensure children are appropriately supervised online and that appropriate parent controls are implemented at home.

24. Curriculum and Staying Safe

- Langdon School will ensure that children are taught about safeguarding, including online safety, as part of providing a broad and balanced curriculum.
- We recognise that schools play an essential role in helping children to understand and identify the parameters of what is appropriate child and adult behaviour; what is 'safe'; to recognise when they and others close to them are not safe; and how to seek advice and support when they are concerned.
- Our curriculum provides opportunities for increasing self-awareness, self-esteem, social and emotional understanding, assertiveness and decision making so that students have a range of

contacts and strategies to ensure their own protection and that of others. Online safety is integrated into the curriculum.

- We are aware of the most recent communication from the DfE on the mandatory implementation of Relationships Education, Relationships and Sex and Health Education and will ensure that this is embedded into the curriculum.
- Our school systems support children to talk to a range of staff. Children will be listened to and heard and their concerns will be taken seriously and acted upon as appropriate.

25. The Use of School Premises by Other Organisations

- Where services or activities are provided separately by another body using the school premises, the Head Teacher and Governing Body will seek written assurance that the organisation concerned has appropriate policies and procedures in place with regard to safeguarding children and child protection and that relevant safeguarding checks have been made in respect of staff and volunteers.
- If this assurance is not achieved, then an application to use premises will be refused.

26. Security

- All members of staff have a responsibility for maintaining awareness of buildings and grounds security and for reporting concerns that may come to light. Staff will be expected to adhere to any safety arrangements implemented because of Covid-19 restrictions.
- Appropriate checks will be undertaken in respect of visitors and volunteers coming into school as outlined within guidance. Visitors will be expected to sign in and out via the office visitors log and to display a visitors badge whilst on school site. Any individual who is not known or identifiable should be challenged for clarification and reassurance. Visitors will be expected to adhere to any safety arrangements implemented because of Covid-19 restrictions.
- The school will not accept the behaviour of any individual (parent or other) that threatens school security or leads others (child or adult) to feel unsafe. Such behaviour will be treated as a serious concern and may result in a decision to refuse access for that individual to the school site.

27. Monitoring and Review

- All school staff (including temporary staff, students and volunteers) will have access to a copy of this policy. The policy will also be available to parents/carers.
- The policy forms part of our school development plan and will be reviewed annually.

28. Local Support

Appendix 1: Categories of Abuse

All staff should be aware that abuse, neglect and safeguarding issues are rarely standalone events that can be covered by one definition or label. In most cases multiple issues will overlap with one another.

Abuse: a form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm, or by failing to act to prevent harm. They may be abused by an adult or adults or another child or children. It should be noted that abuse can be carried out both on and offline and be perpetrated by men, women and children.

Sexual abuse: involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including via the internet). Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.

Signs that MAY INDICATE Sexual Abuse

- Sudden changes in behaviour and performance
- Displays of affection which are sexual and age inappropriate
- Self-harm, self-mutilation or attempts at suicide
- Alluding to secrets which they cannot reveal
- Tendency to cling or need constant reassurance
- Regression to younger behaviour for example thumb sucking, playing with discarded toys, acting like a baby
- Distrust of familiar adults e.g. anxiety of being left with relatives, a childminder or lodger
- Unexplained gifts or money
- Depression and withdrawal
- Fear of undressing for PE
- Sexually transmitted disease
- Fire setting

Physical abuse: a form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

Signs that MAY INDICATE physical abuse

- Bruises and abrasions around the face
- Damage or injury around the mouth
- Bi-lateral injuries such as two bruised eyes
- Bruising to soft area of the face such as the cheeks
- Fingertip bruising to the front or back of torso
- Bite marks
- Burns or scalds (unusual patterns and spread of injuries)
- Deep contact burns such as cigarette burns
- Injuries suggesting beatings (strap marks, welts)
- Covering arms and legs even when hot
- Aggressive behaviour or severe temper outbursts.
- Injuries need to be accounted for. Inadequate, inconsistent or excessively plausible explanations or a delay in seeking treatment should signal concern.

Emotional abuse: the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not

giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyberbullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.

Signs that MAY INDICATE emotional abuse

- Over reaction to mistakes
- Lack of self-confidence/esteem
- Sudden speech disorders
- Self-harming
- Eating Disorders
- Extremes of passivity and/or aggression
- Compulsive stealing
- Drug, alcohol, solvent abuse
- Fear of parents being contacted
- Unwillingness or inability to play
- Excessive need for approval, attention and affection

Neglect: the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to: provide adequate food, clothing and shelter (including exclusion from home or abandonment); protect a child from physical and emotional harm or danger; ensure adequate supervision (including the use of inadequate care-givers); or ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

Signs that MAY INDICATE neglect.

- Constant hunger
- Poor personal hygiene
- Constant tiredness
- Inadequate clothing
- Frequent lateness or non-attendance
- Untreated medical problems
- Poor relationship with peers
- Compulsive stealing and scavenging
- Rocking, hair twisting and thumb sucking
- Running away
- Loss of weight or being constantly underweight
- Low self esteem
