

Knowledge Organiser-Year R and 1-Term 2

Topic title: Journeys and transport

Topic Themes: Geography and History

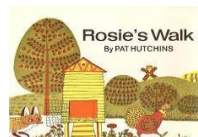

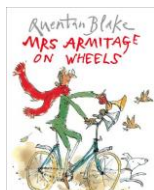

Our objectives for the topic:

- I know how to follow simple directions to get to one place from another
- I can describe the things I pass on my way to school from home
- I can produce a simple map of my journey to school from home
- I know that people travel to school in different ways and use different routes
- I can think of ways to make changes to my environment for the better
- I know how transport has changed from the past to now
- I can ask questions about the past
- I can name places I have visited
- I can explain why we need to travel

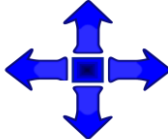

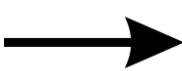

Essential Knowledge:

- Vehicles travel on land, on water and by air.
- Maps are images taken from the air
- A journey is when we travel from one place to another
- To know the what type of transport you would need to travel by air, land or sea
- We need directions to help us to travel from place to place
- A country is the area of land we live in

Books, stories and webpages linked to the topic:

Key Vocabulary and definitions:

journey		Travelling from one place to another.
direction		The line along which something moves or faces.
transportation		A way of moving people or goods from place to place.
environment		The natural world of land, sea and air.
left		
right		
far		At or to a great distance
road		A hard surface made to travel on
country		An area of land with its own government.

Ideas for home learning:

Can you talk to a grown up about somewhere you have travelled to? How did you get there?

Can you make a box model vehicle?

Think about a journey you often make. Can you draw a simple map?

Go for a walk with a grown-up. What letters and numbers can you see on the number plates of parked cars? Can you see any letters that are in your name? Can you spot numbers 1 to 9?

Don't forget to send us a photograph or video on Seesaw when you have completed them.

Interesting information

In 1903, the Wright brothers were the first people to successfully fly in an aeroplane. They built it themselves.

In 1908, Henry Ford made a car called the Model T. It was the first car to be made in a factory and lots of these cars were made.
